MEET THE OWNERS & WORKERS BEHIND IT ALL

Time to put a face to the name of the one that wears multiple hats in her life! Many of you might know me for many different reasons. For some of you I maybe the Hereford Girl, the one in the picture or video pen, designing ads or Catalogs, the one you see in the John Deere Tractor all summer in the hayfield, or that used to be in the show ring taking pictures, or the one you pester in the lab trailer wondering how many embryos I have found, or even the girl at the sale barn on the block. However, alot of people wouldn't know the newest addition to my job list! Livestock Awards, Personalized Items, Custom Ear Tags, Custom Embroidering. You dream it we can do it!

Of course all orders and jobs are done under full supervision of the real boss...Hope!
